**Civic League Meeting
Wednesday, November 15
7:00 pm**

**Guest Speaker
Councilman Tommy Smigiel**

Holiday Fire Safety Tips

The holiday season is upon us, which means more cooking, more decorating and more risk of fire emergencies. Here are a few tips on how to keep your home safe during the holidays!

- Keep decorations at least 3 feet from any open flame or heat source
- Discard decorations with frayed or pinched wires
- Never string together multiple extension cords or run cords under rugs
- Water Christmas trees daily and discard trees when they are dry and dropping needles
- Turn off space heaters when you leave the room
- Don't leave cooking unattended
- Make sure you have working smoke detectors. Norfolk Fire-Rescue will install smoke detectors free of charge. Call 664-6510 to request a smoke detector.

From the President

We had a great turnout for our September meeting with Norfolk Police Chief Larry Boone as our guest speaker and we look forward to many of you joining us Wednesday November 15th to listen to Councilman Tommy Smigiel.

We have been working with our code officials on some of the complaints and concerns that have been presented to us from some of you. Many along Halprin Drive have seen a strong police presence as they have been running stationary radar where 8 tickets were written in a three day period. These operations continue over the course of the next few months and beyond so make sure to obey the speed limit.

Special thanks to Councilman Tommy Smigiel who, after much diligence has worked to have the former Calvary school put back on the tax rolls. As we all know, this building has been sitting vacant for many years while avoiding taxes due to belonging to the church. Plans are in the works for this property being sold to a senior assisted living company, we'll have more on that as it develops.

Many good things happening along the Little Creek Road corridor and eastward into Ocean View, we'll give you more information on those happenings at our meeting Wednesday night!

Little Creek Branch Library Events and Classes

There are lots of fun classes and activities planned for the Little Creek Branch Library in the coming months. For more information or a complete list, visit www.norfolkpubliclibrary.org/events.

November

Roosevelt Area Civic League

Serving:
Larrymore Acres, Roosevelt Gardens, Roosevelt Shores,
Tarrallton, Wedgewood

We need your voice as we continue to work with city officials to solve the problems of our community. Our civic league is one of the biggest in Norfolk and is looked upon as having residents that care and are engaged with the community. From our newsletter, website and Facebook page, we are able to keep you updated on the issues that impact our community.

Fats, Oils & Grease

Seventy percent of the sanitary sewer blockages and overflows in the city of Norfolk are caused by the buildup of fats, oils and grease (FOG). If washed down the drain, FOG cools and sticks to the inside of pipes and accumulates over time. Repairing these blockages can be extremely costly to homeowners and the City. Here are some tips to help prevent backups:

- DO:** Collect grease in a container and dispose of it in the garbage.
- DO:** Place food scraps in the garbage for disposal with solid waste.
- DON'T:** Pour grease, fats, oils from cooking down the drain or toilet.
- DON'T:** Put food scraps down your drain.
- DON'T:** Use the toilet to dispose of garbage or chemicals.

DON'T: Plant trees near your home's sewer line. Tree roots can penetrate and crack the line. Once roots grow into the line, dense mass will trap materials and cause backups.
